Here is the complete Sheriff's report, divided in parts due to character constraints, sent to Jeffco911.

I hope you will provide the video and recording of your call to me to the Department.

I will make a similar report to DORA.

Needless to say, I am quite stunned. BTW, repeated electronic communications without a legitimate attempt to have a conversation--what is Doug's number?--is criminal harassment in Colorado.

If you wish to try what is below I suppose you may. I worked in the director's office at FBIHQ and I know criminal law. As I mentioned, civilly, your unsupervised independent (you say company) contractor is not a part of the "we" in terms of my relationship with State Farm. They are not subject to your policies (<https://www.statefarm.com/customer-care/privacy-security/privacy>.) The woman I spoke with at the State Farm 800# completely agreed. Doug did not fill out the form and I have proof; when I asked, "Who are you?" He said "I am from State Farm." He filmed me inside my house and when I opened my picture window/door absolutely without permission. That was not part of any "survey." As explained to your staff and State Farm headquarters when I dealt with independent adjusters calling, texting, and emailing me on personal cellphones and addresses.

The foot and tire tracks are clearly visible in the snow.

Ms. Vangas, you sought to blame and accuse me right from the start. Everything I told your staff is the absolute truth, as is this.

I very sorry indeed this was our first and only meeting. I am actually a marketing research director by trade; customer satisfaction is my real interest and expertise. I hope you will consider my input. It is a holiday for me too; I have said my peace and performed my due diligence and I will let this go for now.

I wish you only the very best.

BTW, my policies do not even start for a month. I had absolutely no idea...

So sorry, I was delayed. I was speaking with a deputy. He asked for and I will send him an image of the flyer left on my door.

Mr Pfeiffer,

In your hurry to hang up on me so you could call the sheriff's department, I am going to assume you do not want to follow through with your applications for auto and home insurance with State Farm. Please confirm this via response to the email, and we will notify underwriting to pull your applications.

Thank you,
