Rick,

I need to know, was any effort made to keep track of and save these items and someday return them? I guess I need to hear it from you. If I don't hear anything I suppose that's a reply, albeit not one hoped for; until, it would provide closure.

I am disappointed by Karen's reply. I feel she could have helped. It is hard for me to believe there is no memory at all of the HO cars. And this happened well before any cleaning-out process.

I cannot call Stephen because I wasn't given a phone number and cannot write because I don't have an e-mail address. Perhaps he has questions or concerns and I am happy to help. No time to call? Come on. I don't know if it is possible to fly into Winter Park (perhaps with a private plane!). Likely, Stephen will be arriving and departing from DIA and Evergreen is virtually on the way to Winter Park.

This is not specifically related but it is on my mind--I've offered free airline tickets on more occasions than I can recall and gave your entire family a very expensive cellular phone... Sorry.

Thank you,

- Peter

Stephen is an pre-med and is very busy with his studies...he only has a cell that has limited use, we tried calling you over Thanksgiving so that he could talk with you and you weren't there. We don't have any of your toys, check with Sue as she was the one who was at your parents when they were getting rid of things. We got whatever she didn't want, and that did not include your toys. Sorry...I don't know where they are; maybe ask your parents if Sue doesn't know. Ralph's e-mail is rpfeiffer@greatlakeswindow.com cell 419-350-0047. Karen

Hi Karen,

Well that's the first I've heard since previous e-mails and my call. Certainly Stephen can and should call or send an e-mail. I will be away, probably for a few days sometime during the Holidays so it is best that I know.

The holidays really aren't a good time to call me--I think I've said this before, I've become sort of dysfunctional around them. I believe families--and you, included are all I have for now--should spend them together. For many years I tried my best at that.

Karen, I really need to say once again, that I really need and want my childhood toys back. I've dropped hints and what-not for maybe years now; you've said talk to Rick. You gave me his work e-mail address a while back but I can't, but should be able to eventually, find it. He has never told me and I don't know if the old home one I used to have still works. Can you forward this? Really, do I have to print it out and mail it? Again, I really need and want my things such as HO scale electric cars, Fischertechnik set, and I don't know what else (because I wasn't here) back. Thank you.

Hope all is well. Please don't mail any packages to me this year...

Best,

- Peter

Hi Pete, how are you? I wanted to tell you that Stephen will be flying to Winter Park CO on the 28th and will stay with friends, one has a winter home there, snow boarding the whole time. I would love to have you two hook up somewhere, as would he. Please call us at home he will be in town beginning this Wed or Thurs and you can talk then. We tried calling you on Thanksgiving but couldn't find you. Hope all is well with you, Karen
